

BP Terms

- | | |
|--|--|
|  GO:0003352 regulation of cilium movement |  GO:0070286 axonemal dynein complex assembly |
|  GO:0003356 regulation of cilium beat frequency |  GO:0071624 positive regulation of granulocyte chemotaxis |
|  GO:0032680 regulation of tumor necrosis factor production |  GO:0090023 positive regulation of neutrophil chemotaxis |
|  GO:0032720 negative regulation of tumor necrosis factor production |  GO:0120031 plasma membrane bounded cell projection assembly |
|  GO:0050927 positive regulation of positive chemotaxis |  GO:1901222 regulation of non-canonical NF-kappaB signal transduction |
|  GO:0060271 cilium assembly |  GO:1902624 positive regulation of neutrophil migration |
|  GO:0061512 protein localization to cilium |  GO:1905515 non-motile cilium assembly |
