

Cellular Component

***		***				mitochondrial membrane
***		***				mitochondrial envelope
***		***				mitochondrial protein-containing complex
***		***				inner mitochondrial membrane protein complex
***		***				mitochondrial inner membrane
***		***				organelle inner membrane
***		***				ribonucleoprotein complex
***		***				organelle envelope
***		***				envelope
***						mitochondrion
***		***				mitochondrial respirasome
***		***				respiratory chain complex
***		***				respirasome
***		***				ribosome
***		***				catalytic complex
***		***				cytosolic ribosome
***		***				mitochondrial matrix
***		***				oxidoreductase complex
***		***				ribosomal subunit
***		**				mitochondrial respiratory chain complex I
***		**				respiratory chain complex I
***		**				NADH dehydrogenase complex
***						membrane protein complex
			***	***		cilium
			***	***		motile cilium
			***	***	**	plasma membrane bounded cell projection cytoplasm
			***	**	**	ciliary plasm
			***	**	**	axoneme
			***	***		ciliary basal body
***		***		***		myelin sheath
***		***				endopeptidase complex
***		***				proteasome complex
***		***				peptidase complex
		***				polymeric cytoskeletal fiber
		***				supramolecular polymer
		***				supramolecular fiber
			***	***		9+2 motile cilium
			***	***		sperm flagellum
	***				***	extracellular matrix
	***					extracellular region
